Greetings,

Please be advised that Rio Arriba County is now implementing a new address in which Inspection of Public Records Act (IPRA) Requests can be sent electronically. All electronic requests must be sent to [public.requests@rio-arriba.org](mailto:public.requests@rio-arriba.org).

The official records custodian of the County will receive the request directly, and will forward the request to corresponding departments. The requester will then receive a notice of receipt from the County Public Information Officer, who will also be responsible for correspondence informing the requester of the status in attaining requested documents.

Thank you.

Sincerely,

The Rio Arriba County Management
