Filer Comment: There was a decrease in the Residential Valuation of District 19In, 21, 6, and 32 from the Certified Values due to the reclassification of some accounts that were in error. We are still finding vacant land accounts that are erroneously classified as residential and correcting them as we go. The final values were also affected by PTD Order 24-07 which stated MDWCA should be exempt. Those properties went from a taxable status to an exempt status. State Assessed properties were off due to the correct of the AT&T mobility values being corrected to the final value as per email from State Assessed.

Filer Comment: There was a decrease in the Residential Valuation of District 19In, 21, 6, and 32 from the Certified Values due to the reclassification of some accounts that were in error. We are still finding vacant land accounts that are erroneously classified as residential and correcting them as we go. The final values were also affected by PTD Order 24-07 which stated MDWCA should be exempt. Those properties went from a taxable status to an exempt status. State Assessed properties were off due to the correct of the AT&T mobility values being corrected to the final value as per email from State Assessed.
